

<b>IV. LAND USE ISSUES, BACKGROUND, POLICIES, AND IMPLEMENTATION STRATEGIES.....</b>	<b>IV-1</b>
A. Introduction.....	IV-1
2. Timing of Implementation.....	IV-2
C. Resource Protection Issues.....	IV-2
1. Areas of Environmental Concern (AEC) .....	IV-2
2. Hazardous or Fragile Areas.....	IV-3
a. 404 Wetlands, Freshwater Swamps, and Marshes	IV-3
b. Maritime Forests.....	IV-4
3. Protection of Potable Water Supply.....	IV-4
4. Package Treatment Plants .....	IV-5
5. Stormwater Runoff.....	IV-6
6. Marinas, Floating Homes, Dry Stack Storage Facilities, and Mooring of Vessels in Public Trust Waters .....	IV-7
7. Industrial Impact on Fresh Pond AEC.....	IV-8
8. Sound and Estuarine Islands.....	IV-9
9. Restriction of Development within Areas Up to Five Feet Above Mean High Water .....	IV-9
10. Upland Excavation.....	IV-10
11. Bulkheads.....	IV-10
12. Flood Plain Management.....	IV-11
13. Duneplowing and Revegetation.....	IV-11
14. Areas of Archaeological or Historical Significance.....	IV-12
D. Resource Management Issues .....	IV-13
1. Agriculture, Forestry, Mining, Fishing, and Recreation.....	IV-13
2. Mineral Production Areas .....	IV-14
3. Fisheries and Nursery and Habitat Areas .....	IV-14
4. Wildlife Management.....	IV-15
5. Off-road Vehicles .....	IV-15
E. Economic and Community Development Issues .....	IV-16
1. Residential, Commercial, Industrial, and Institutional Development.....	IV-16
2. Architectural Review Standards .....	IV-17
3. Industrial Development.....	IV-18
4. Service Provision to Development.....	IV-18
5. Uniform Planning Corridor Overlays and Inter-jurisdictional Regulatory Consistency .....	IV-19
6. Redevelopment.....	IV-20
7. State and Federal Programs .....	IV-20
a. Erosion Control .....	IV-20
